

— BRAND FOUNDATION SHEET

THE BRAND FOUNDATION, IN ONE PLACE

Prepared for Aliyana Born in Long Beach, CA · Scaling Nationwide containerchiq.com

— THE ONE-LINE VERSION

A container company that sells the **solution**, not the box.

Female owned and operated, **government approved** and present from the first call to the day it lands.

— WHAT SETS US APART

FOUR THINGS MOST CONTAINER SELLERS CAN'T SAY

01

FEMALE OWNED & OPERATED

Built and run by women in an industry that rarely is. A point of difference and a point of pride.

02

GOVERNMENT APPROVED

An approved, accountable vendor — credentials that open doors a standard container seller can't walk through.

03

SOLUTION ORIENTED

We start with the problem, not the product. The right answer comes before the quote.

04

IT'S NEVER JUST A SALE

A people company that happens to sell steel. The relationship outlasts the transaction.

— MISSION · WHAT WE DO NOW

Container Chiq is a female owned and operated container company that sells and custom-fabricates containers — roll-up doors, on-site offices and modifications — then walks each client from first call through delivery. We solve the problem behind the purchase, at a fair price, because it's never just a sale.

— VISION · WHERE IT LEADS

A world where buying a container feels guided and fair instead of transactional — where every client gets the exact solution their need calls for and feels cared for from the first call to the day it lands.

— HOW WE BEHAVE

VALUES

V1 SOLVE THE REAL PROBLEM

We don't quote a box, we learn the job behind it. The right solution starts with the real reason someone is buying.

V2 IT'S NEVER JUST A SALE

We care past the transaction. The relationship is the point and the sale is one moment inside it.

V3 FAIR ON PRICE, GENEROUS ON EFFORT

The number is honest and the work goes past what was asked.

V4 STAY THROUGH DELIVERY

First call to drop-off is one relationship, not a handoff. We're present for the whole arc.

V5 BUILT TO FIT

Personalization is the default. Doors, offices, mods — shaped to the client, not pulled off a shelf.

— WHAT WE STAND ON

BRAND PILLARS

P 1

CONSULTATIVE FROM THE FIRST CALL

We guide, we don't just quote. Understanding the need is the product.

P 2

CUSTOM FABRICATION DONE RIGHT

Roll-up doors, on-site offices and modifications built to the actual use.

P 3

FAIR PRICE, FULL FOLLOW-THROUGH

Honest numbers and a real person present from first call to delivery.

P 4

PEOPLE-FOCUSED, VALUE-ADDED

Personalization and going past what's asked are the standard here, not an upsell.

— HOW WE SOUND

BRAND VOICE

Warm and direct at once. Plain words, short sentences, room to breathe. We know our trade without lecturing and we say the real thing early.

SOUNDS LIKE US

"We'll figure out the right setup with you."

Leads with the why behind the buy.

A person who picks up the phone.

NOT US

"Best-in-class turnkey solutions."

Leads with price or a spec dump.

A catalog reading itself aloud.

Signature motif: the container's own materials become the design system — corrugation bars and stamped stencil labels as dividers and markers, plus the container-end notch from the badge. Type shown uses Oswald, Archivo and Space Mono; source the final faces to taste, keeping the stamped-marking character.

TO CONFIRM BEFORE FINAL

- Exact government credential to print — e.g. Woman-Owned Small Business (WOSB), state WBE certification or SAM-registered vendor. "Government approved" is a placeholder for the precise term.
- Contact number and URL pulled from the current reel — verify before this goes wide.
